

PRODUCT INFO

Product # 34003

Powerful Fuel Injector Cleaner Applied Directly Through the Fuel Rail to Quickly Remove Deposits

THE PROBLEM:

The new electronically controlled high pressure common rail direct injection systems (CRDI) have smaller and more precise nozzle tip holes and operate at higher pressures and temperatures making them more prone to deposit formation. These deposits disrupt the spray pattern causing inefficient fuel dispersion, poor combustion, and diminished performance. The use of biodiesel blends further increases the likelihood and severity of fuel system deposits forming in the entire fuel system, including the fuel lines, fuel pumps, injectors and combustion chamber.

THE SOLUTION:

PROTEX by BARDHAHL® D.T.1™ is formulated to be effective in all types of diesel powered vehicles, including those with the latest electronically controlled high pressure common rail injection systems (CRDI). The direct application of the highly concentrated cleaning solution quickly and effectively removes deposits from the entire fuel system, including fuel lines, injectors, fuel pumps, and the combustion chamber.

THE BENEFITS:

- ⇒ Restores the injector spray pattern for improved combustion
- ⇒ Removes stubborn deposits caused by use of biodiesel fuels
- ⇒ Restores lost power, enhances performance, decreases emissions
- ⇒ Improves fuel economy & reduces operating cost

DIRECTIONS:

This cleaning solution must be applied through the fuel injectors with either a diesel canister delivery system or a diesel fuel system flush machine. Follow the instructions of the equipment manufacturer regarding how to connect the canister or machine to the vehicle and properly use the solution to conduct a professional service. Perform this service every 30,000 miles or as recommended by a Technician. Dispose of any used or unused solution and the container in accordance with the local, state and federal regulations.

PRODUCT SPECIFICATIONS:

Product #	34003
UPC Code	0 76906 34003 8
Size	32 oz (946 ml)
Case Pack (Qty / Wt)	12 / 25 lbs
Case UPC	30076906340039
Color	Light Amber
Specific Gravity	0.86
Flash Point	>141°F / >60.5°C
